MANY HEARD THE MUSIC

There was a good crowd out to hear the band last night, though, probably owing to yesterday's rain, not so many as at the first two concerts. The music was in good trim and rendered the following excellent program without a flaw:

- 1.—March, "Old Faithful." Abe Hialzmar.
- 2.—Shottische, "Four Little Blackberries"—L. B. O'Connor.
- 3.—Selection, "Faust"—Gomodo.
- 4.—Selection, "Southern Breezes"—F. P. Atherton.

INTERMISSION

- 5.—March, "Front Section"—E. E. Bagley.
- 6.—Japanese dance, "Yuki"—Victor G. Kreyer.
- 7.—Overture, "Morning, Noon and Night in Vienna"—F. Von Suppe.
- 8.—Patrol, "The American".

Support Is Scanty

We are informed that the concert tickets printed for the benefit of the band are not selling very fast. This is something like ingratitude from our people, who certainly enjoy the concerts.

Each person able to do so should certainly buy a ticket, and in the case of those not so wealthy, several might contribute to buy one between them. It makes no difference if it takes a dozen to buy one ticket, as they are not to be exhibited. Ten cents apiece for the season from all who hear the concert during the summer would put the band on easy street. Almost all are able to give that much, and most people more.

The bandmen look fine up on the stage and it seems easy for them to make the music. But it is all real work—work that they take pleasure in, but, all the same, work—and the practice that enables them to turn out the music so smoothly means at least another evening a week of hard work in the band room, with no crowds to applaud. They deserve generous support and it will be a reproach to our people if they do not receive it.

MERRIMAC WILL BE BLOWN UP TONIGHT

A real sensational subject—blowing up a ship—will be shown at the Air Dome tonight. The ship will be blown up by Merrimac, which grounded at the mouth of the St. Johns some months ago, and being a menace to navigation had to be blown up. The pictures were taken on the spot, and are wonderfully accurate. The other subjects will be:

The Cattle Man's Daughter.
The Little Match Sellers Christmas.
Scenes in British India.

MILITARY MATTERS

Riflemen Won't Go to Tampa—Target Practice for the Company—Drills Will be on Monday Nights

Several important matters were attended to at the meeting of the Ocala Rifles last night.

It was decided that the company wouldn't go to Tampa, there not being prospects of a large enough crowd for that occasion.

Captain Graham reported that he had secured a suitable place for target practice—the old field around the abandoned phosphate mines about half way between Ocala and Silver Springs.

The company wants to make a good showing at the state encampment, which commences Sept. 1, at Black Point, near Jacksonville, and as marksmanship is the soldier's most important quality, the captain's energy is highly commendable.

On account of the Thursday half holiday, which will commence next month, the drills will be held hereafter on Monday evenings.

PUT TOGETHER PERMANENTLY

Storm Couldn't Shatter the Best Building at the Fair Grounds

The high wind of Tuesday afternoon blew the big rest building or shed at the Marion County Fair grounds off its cement foundation and moved it about 20 feet. The building was so well put together and braced that it was not at all injured. It was jacked up and the foundations moved to the new location of the pillars, as being much easier than moving the heavy structure back to the former location.

JUST THE KIND YOU LIKE

There will be a laughing show at the Temple tonight, nicely balanced by a feature Besson film, a western drama of strong heart interest. The house is cool, well ventilated, the pictures are the best and shown on a machine that is perfect with a light that can not be beaten. Truly you can not find a better place to spend an hour. Tomorrow the Temple will give another of its popular continuous performances, beginning at 3:30, running to 10 o'clock.

MRS. CARTER'S INVESTMENT

Mrs. Carter of Carter's Bakery, has bought through Mr. F. W. Ditto the half-block of ground with a cottage on it formerly owned by Mrs. Nannie E. Smith in the fourth ward. Mrs. Carter will build four or five more small cottages on the vacant portion of the property.

BUILDING IN THE FIRST WARD

Two neat cottages have just been completed on the Anthony hard road in the northeastern part of the city. Mr. Brown of Anthony, the sawmill man, who will reside in Ocala and send his children to school here, has just completed a six-room house and Mrs. Oniz, who recently came here from the north has built a cozy but small cottage, which she is occupying.

FOR RENT

Three nicely furnished rooms for light housekeeping. Bed room with connecting bath. Good gas range in kitchen. All modern improvements; electric lights and phone. All rooms well screened. One block from postoffice. Inquire at Star office.

STORE FOR RENT

A well located and most desirable store building for rent. Possession within 30 days. Apply at the Star office.

Mr. R. P. Hampton, one of the successful farmers and stock raisers who resides southeast of Montague, was in town today. Mr. Hampton has been a valued subscriber to the Star for many years. He has resided on his present farm for 35 years and during that time has always averaged 30 bushels of corn to the acre on pine land, using only cowp and other home fertilizers.

Mr. Hampton has a one-acre patch of Hastings' prolific corn which his neighbors say will produce 100 bushels. The hills have from seven to fifteen ears each, but the ears of this variety are small. There is one stalk allowed to remain in a hill but the suckers put out and these produce ears of corn as well as the parent stalk.

Sober, energetic young man from Pittsburg wants permanent position here. Office or newspaper work. References with Mr. Baldwin, Y. M. C. A., Jacksonville. J. E. Kane, general delivery, Ocala.
